Dongguan Meclon Sports Co., Ltd. located in Dongguan City, focuses on the product development, production and sales of SBR, SCR, CR, Latex materials. The company mainly deals in sports products, medical products, posture corrector, waist trainer, outdoor sports electric heating products, etc.

Our company has been serving all customers with innovative technology, competitive prices, high-quality products and timely delivery, Seeking innovation, pursuing perfection, mutual benefit, and win-win cooperation are the heights our brand has been pursuing. Why choose us?

1. Own R&D team. The technical personnel of the team of us are proficient in the development status of related technologies in the industry, rich in product analysis of future trends and strong market foresight, and provide many customers with new product development and design every year. 3 patents so far.

2. More than 15 years of OEM experience, we has about 100 skilled workers and technical personnel, who are familiar with the production process and standard technical requirements of products in this industry, and provide all customers with high-quality products and services.

3. Over the years, we has built diversified procurement channels for the global market, and strengthened strategic cooperation with major suppliers to continuously and stably provide high-quality product resources, forming a product supply chain with low investment, low risk and high return.

4. A complete after-sales service team, we are responsible for providing comprehensive after-sales service for customers, regular return visits to customers, active collection of customer feedback information, tracking and providing one-stop solutions throughout the process.

5. Quality assurance system, we have CE, RoHS, FCC, PSE, ISO9001, BSCI Certifications, etc. Relying on the marketing and management of our advanced equipment and technical personnel, Meclon has become an important partner of many customers. Your needs are our motivation, your satisfaction is
